

The St. Johns' Fiber Arts Ministry meet Thursday afternoon to create Prayer Shawls and lap robes. We deliver the items to people who are healing or grieving. As we create the shawl or lap robe, we say prayers that God will use them to help people to overcome illness or to work through the grieving process. During warm weather we meet in the courtyard. When colder weather arrives, we meet in the conference room. Prayer Shawls or lap robes are distributed to members of our congregation and other friends. All are welcome to choose an item from those we have in the library. There is a paper to write down the person's name who received a shawl or lap robe. Members of the ministry or the congregation donate the yarn we use.

All are welcome to join. Don't know how to knit or crochet? Come sit with us and we will teach you how!
